

What do you think of our plans for your fire and rescue service

The **Royal Berkshire Fire and Rescue Service** wants to focus on the prevention of incidents and reduction of deaths and injuries in the future. To move forward we want to hear your views and thoughts as to how and where the service could be improved.

We are currently circulating a leaflet outlining the issues we wish to address.

In addition to the leaflet, our plans can be found in libraries, council offices and other public buildings, or you can log onto www.rbfrs.co.uk.

Alternatively, if you would like your own copy of the plan to keep, contact us...

phone: 0118 932 2122
email: irmp@rbfrs.co.uk

A translation service is available on request.
