Spring Clean Your Car Firefighter Style

Visit Newbury fire station with your car on Saturday (8 March) and not only will you drive a gleaming car away but you can help the firefighters raise funds for two charities.

Simon Denman, of Red Watch, one of the organisers of the event, said: "We are raising money for the rehabilitation of brain injured children and for the Fire Service National Benevolent Fund.

"Both of these charities do fantastic work which is not in the limelight and we want to do our bit to help."

The car wash runs from 10am until 3pm at the fire station on Hawthorn Road, Newbury.
