### **Foaming Firefighters Fundraise for Families!**

Slough firefighters will be transforming grubby motors into gleaming conveyances all day on Saturday for a family-orientated charity car wash

They will be wielding their hoses and soapy sponges in aid of the Family Welfare Association and the National Centre for Young People with Epilepsy.

White Watch Firefighter Rich West, co-ordinator for the event, explained: "The Family Welfare Association is an organisation we have supported for some time. They provide practical help and advice for disadvantaged families and they do a tremendous amount to benefit families who need that extra bit of support.

"The National Centre for Young People with Epilepsy does a great job in supporting families. Epilepsy is still not well understood and has a dramatic impact on young people and their families. This is our way of showing appreciation for the work that they do. We always get a great deal of support from members of the public for our car washes, people are very generous and we hope to see lots and lots of dirty cars driving onto our station on Saturday!"

The car wash will run from 10am until 4pm, at the fire station on Tuns Lane, Slough. There is a minimum donation of £4 but larger contributions will be very welcome.
